MWTS will let the members know which MWTS director will be collecting the fees. It's the member responsibility to pay the MWTS race entry fee BEFORE the 1st qualifier on race day. - We request the MWTS members also provide a high-resolution photograph of their car for the website and MWTS Facebook site.
- New and current MWTS members must fill out a W-9 Tax form for the MWTS treasurers yearend report. This information is confidential and will not be shared with anyone besides the MWTS treasurer and member.

4. MWTS Members Race Vehicles

- MWTS will be run under NHRA divisional rules for Top Sportsman (only exception is MWTS will re-ladder prior to 1st round if any broken cars cannot make the call. This is to eliminate the possibility of an excessive amount of bye runs and to put on a better show for the spectators.)
- Your race vehicle must be able to pass a NHRA/IHRA and hosting track tech inspection. You should be prepared for tech inspection at any hosting track as MWTS itself does not conduct tech inspections.
- MWTS will qualify with a 32 car field with min dial of 7.99 (1/4 mile) and 5.49 (1/8 mile) per div3 rules.

5. MWTS Sponsors

- The MWTS membership decal MUST be on the MWTS members race vehicle. Any MWTS member vehicle, NOT DISPLAYING, the required decals: who wins, runner-up's, or is in any round money, will not be paid as a MWTS member!
- It is the MWTS members responsibility to see that you have the required MWTS decals. If MWTS is out of the required decals, it will be noted that you came to get one and you will be considered as being in compliance with the rule.
- Any other sponsor donating money, who has decals, can request that we display their decals, but WILL NOT be required. We would however, encourage you to do so. All of our sponsors, no matter how much they donate, are generously supporting our association and MWTS payouts. Please acknowledge them by displaying their decals and saying THANK-YOU!!

6. Track Rules

- a. The hosting tracks will notify MWTS of the qualifying and elimination time schedule. MWTS does not set the schedule on race day. Times may change at any moment due to weather or other track delays out of our control. Please be ready to pull/ drive to the staging lanes when MWTS is called. Please start heading to the staging lanes on the first call by the track officials. Waiting to the last second only makes us look bad and irritates the track officials.
- b. You will get a stand-by call. You will have approximately 10 minutes from the first call to the lanes to be lined up and paired in staging.
- c. If we are at a double race weekend, and there are NO QUALIFYING PASSES for the 2nd day, there are NO SHAKEDOWNS ALLOWED.
- d. If you have a mechanical problem and need more time, you should find a MWTS representative and explain the situation. They will inform the track officials that we need a little more time for you. Please keep in mind that the MWTS representatives are racers too. They will appoint someone to go up to the tower if they are not able. It will be up to the hosting track to decide if additional time can be allowed. This decision will be made by the hosting track and not MWTS. Hosting tracks have requested that MWTS members do not go to the tower to make this request only the appointed MWTS director.
- e. We all have bad days at the races. Please try and hold your emotions until your back to your trailer or motor home. Please consider that there might be sponsors, spectators, children, roaming through our pits and watching in the stands that can see and hear you. There could also be potential sponsors, for YOU and MWTS!!
- f. If a MWTS member has a complaint or feels they have been mistreated they must wait 24 hours before contact is made to the MWTS directors. On race days members are very competitive and tempers flare. MWTS believes cooler heads prevail and we will work together to rectify any situation on both the race track and pits after 24 hours.

7. MWTS Race Payouts

- a. Any racer who is not a MWTS member, and does not want to join, will be paid full purse money except any MWTS bonus money at one race per calendar year.
